

Developing your Teaching Philosophy Statement

<p>1. What does it mean to be a good educator in a health professional learning context? What does good education look like your specific educational context?</p>
<p>2. Who or what has influenced my thinking about good education? How does your identity and cultural positioning influence your perceptions about your role as an educator?</p>
<p>3. When have I felt most engaged and affirmed in my educational work?</p>
<p>4. What strategies do I use in my role? What do these say about my beliefs about education?</p>
<p>5. What two or three key beliefs do I hold about education in my context? What matters most to me?</p>
<p>6. What do I want readers of my teaching philosophy statement to remember most about my beliefs and practices?</p>
