How to enrol in classes

Enrolment Terminology

MyTimetable

There are two ways you can enrol: using MyTimetable or using Mosaic. MyTimetable is the newest online self-service tool for undergraduate students that allows you find an optimal and conflict-free timetable and direct class enrolment. Any classes you enrol in or drop from MyTimetable will be immediately reflected in Mosaic.

Undergraduate Calendar

The official document where you can find all degree, program and course requirements, along with rules and regulations for the academic year.

Enrolment Appointment

The date you are randomly assigned to enrol in classes based on your academic level. Note: you can use MyTimetable to create your schedule prior to your enrolment appointment by adding to your shopping cart but can only "check out" (submit) those classes after your enrolment appointment date/time opens.

Course Catalogue

A historical list of all courses that are currently or have been offered at McMaster, with descriptions and additional course details.

Class Search

A master timetable of courses offered during the current academic year.

Academic Advising

Picking your courses can be overwhelming. Academic Advisors in your Faculty are here to help! Advisors can answer questions about your program, picking courses, course requirements and more.

Access MyTimetable
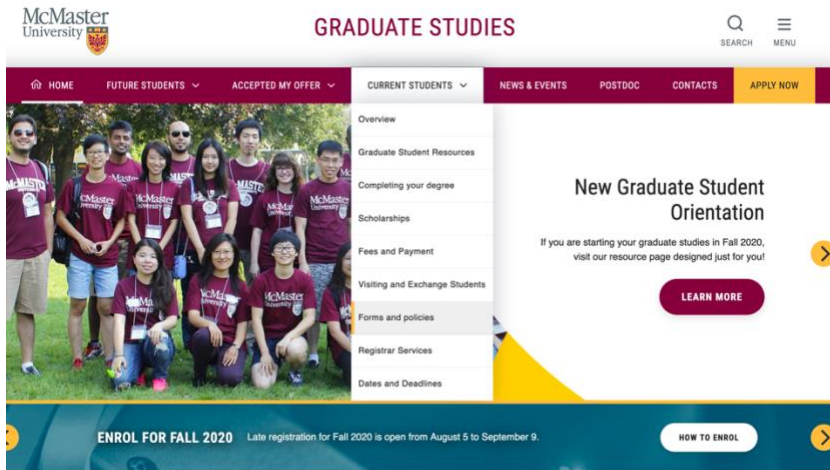

You can access MyTimetable two ways:

1. Log into Mosaic and go to the MyTimetable tile on the homepage
2. Or, go to the MyTimetable link in the Student Center in Mosaic
3. Once logged in, you will be able to search, sort, select your optimal timetable.
4. Check when MyTimetable will become available.
5. On the day of your enrolment appointment, you will be able to move your selected schedule from the shopping cart and enrol.
